Produced by Lost Perception and The Symphony

Hook:

**I'm rappin' about rappin'
It's a rap in a rap like inception
it's a rap without purpose or direction
it's a rap without a point or intention (now, TURN UP)**

**I'm rappin' about rappin'
It's a rap in a rap like inception
it's a rap without purpose or direction
it's a rap [stuttered]**

V1:

**Storyville, bouncin all day, keep it goin' on
Storyville, announce his own name, like a Pokemon
I ride around and I'm gettin' it
I ride a bike and I'm sweating it
I'm taking jogs, and I'm taking hikes
I stay on game with a yoga ball**

**My lyrics are lyrical, I deliver them like delivery
I go on tour gain fans and more it opens doors like chivalry
me and the team we family, something like the incredibles
we bring the heat,
earn carrots when we turnip beets like root vegetables**

**I can't decide what's worse (what's worse?)
to rap the same line twice?
I can't decide what's worse (what's worse?)
to rap a line that don't rhyme at all**

**I'm so SWAG it don't make sense, (not at all)
hashtag SWAG twitter feed don't make sense (not at all)**

**Stuck in traffic - SWAG - drew a pic of a unicorn - SWAG
Shoes don't fit - SWAG - I'm naming my newborn Swag**

**Storyville, bouncin all day, keep it goin' on
Sure he will, announce his own name, like a Pokemon!**

V2 (Ran)

**They say 'Ran you should start writing raps about nothing,
My homies crew did it now them cats is all buzzin'
Make it sound fresh, You ain't even gotta rhyme
You can even talk a whole bar, and sound fly, nahmsayin
(TURN UP)**

**So fly should have my own airline
My TV fly that's Airtime
We cook like crack, we Push em back
just like Lebron James hairline
I'm hot kid -- can't stop this
My shirt straight from hot topic
Mega Ran say his own name like the rock did**

Aye dog - I heard you like raps
So I put raps inside raps so now you can rap while you write raps
I thought you might like that
Paid my bills on time--swag
Bought some clothes and they fit- swag
I'm instagrammin' my food
I'm tweeting while I'm in school- swag
This right here is my..swag,
My paint drip and like Saint Nick, young boy I'm all in my bag--
No purpose to these verses in doin this on purpose,
And if you ain't hear me the first time,
Get a hearing aid!

V3:
STORY

Rappin on the double time, struggle when I do it live
the word is unnervingly blurred absurd when I drop a line
Observe - I'm servin ya'll wine, tasty hors d'oeuvres like
cheese apricot preserve and rye bread I'm ahead of my time

If I'm being honest this is totally nonsense but the flow is
hypnotic so people go "awe sh*t"
spit guard full of all spit, sufferin' succotash, so much
from saliva glands gushin' ya'll walk in goulashes

Call it out of pocket when I prop up a product that promise
pure bull shiggity-sh*t to garner unlimited profit
Doesn't even matter, if I do it, I love it
I get stupid and shove it up in your ear for a budget

I make a list of the album's best features (hmmm)
the art work and the guest features
but on Instagram, goin' insta-HAM
so TURN UP on hi-def speakers
